DREAM CATCHER STABLES

KEMPTVILLE, ON

Barbara Foubert and Cimbab

The success continues for Barb Foubert and her 19 year old Arabian, 'Cimbab,' as we update the accomplishments of this competitive trail riding team. Since the 2002 article, Barb and 'Cimbab' have now logged over 3000 competitive miles with the Ontario Competitive Trail Riding Association – and this does not include training miles.

Following an impressive career as Top Competitive Arabian in 2000 and again in 2003, the pair competed in the 2004 Gold Medal Team for the Canadian Competitive Riding Championships. 'Cimbab' has achieved recognition as an "Honour Roll" horse with the OCTRA and the pair remain active in competition.

The feeding program at Dream Catcher Stables consists of EQUILINE Fat N Fibre Ration Pellets, along with beet pulp and hay – fed twice daily. Barb comments, "Equiline Fat n Fibre is a quality product and our program is simple and easy to modify as conditions warrant." "The staff at Rooney Feeds – Kemptville are always helpful and provide excellent service."

Everyone at Shur-Gain, along with Andrew Droppo and staff at Rooney Feeds congratulate Barb and 'Cimbab' on their accomplishments over the past ten years of competitive trail riding – and extend best wishes to Cimbab for a well deserved retirement!
